

### *Antuan's Prayer*

Father God forgive me for all my sins knowingly and unknowingly. I thank You for waking me up this morning and blessing my family. I ask You to keep us all safe, I ask that You put a hedge of protection over us and cover us in your blood. I ask You to breathe prosperity into our lives. I ask that You take any negative inequities out of my life. I ask You to strengthen my relationship with You. I ask You to bless me with more motivation to be a better person than I was yesterday. I thank You for giving me another chance at life, not just life on earth but everlasting life in Your kingdom. I thank You for good health and if it's any sickness or impurities in me I ask You to heal it. I ask that You bless anybody reading this prayer to be a contagious blessing for someone else. Lord You know our hearts so I ask if You see anything that's not according to Your will that it gets rebuked and cast away. Lord I love you and I thank You for everything, the good and the bad and not giving up on me big homie.

Amen!

Oh can't forget the #Whaaaaan
